PRESIDENT'S REPORT

As I write this report my two [2] year term as the Club President is rapidly drawing to an end.

I again take this opportunity to thank the Board Members for their endorsement of my second year as President and for the continued support, guidance and assistance they have provided to me whilst serving in the role.

Thank you also to Club Manager, Mr Michael Phillips, and his excellent staff, all of whom work very tirelessly and conscientiously behind the scenes to ensure that Club Members and visitors receive and experience the very best of customer service whilst enjoying our wonderful facilities.

There have been a number of quite significant activities, achievements and highlights throughout the past year that have been at the forefront of the Board and management's focus and attention, being:

- the development and adoption of the Strategic Plan 2016-2020;
- the renewal of the Club's contract with Tabcorp Gaming Solutions for gaming services:
- the strengthening of the Club's relationship with our course designers, Thomson Perrett, through our engagement of their services to provide professional advice as we continue to improve and develop the course;
- the proposed changes that the Board will be presenting to the Members at the AGM in recognition of the changing landscape of golf club membership and the demands of the time-poor golfer;
- the decision by the Board to commit to being a member of the Grampians Communities of Respect and Equality (CoRE) Alliance and, following on from that decision, the formation by the Board of the Gender Equality / Equity Task Group; and
- the formation of the Clubhouse Development Sub-Committee, following on from Pillar Two actions in the Strategic Plan to develop facility improvement concept plans on potential upgrades to the Clubhouse to ensure member and public use expectations are met.

Whilst there are many issues with which the Board deals each year, the primary focus must always remain on the development and weekly presentation of our golf course. On that basis I am delighted to be able to take this opportunity to commend our course Superintendent, Jeff Powell, and his team on the current standard of the course. In spite of significant and varied challenges faced by Jeff and his staff since play first commenced on the new course some eight years ago, they have managed the development of the golf course to a standard that is universally acknowledged as the region's "jewel in the crown'. Sincere congratulations to you, Jeff, and on behalf of the Board I thank you for your efforts and commitment to the Club and its members.

In closing I wish to acknowledge the much appreciated service and contribution made by Ross Jones to the Board and members over many years of service as a Board Member and former Club President. Ross has decided not to re-nominate and we wish Ross and June the very best in the future with Ross now having more spare time to devote to other interests.

Lastly, ladies and gentlemen, I extend my best wishes to the members who have nominated for the three [3] current vacancies. Good luck to each of you.

Greg Anders

President

GENERAL MANAGERS REPORT

Our Vision

"The Ballarat Golf Club will strive to be recognised as the premier golf club in country Victoria"

Throughout 2016, the Management team participated in a series of strategic planning meetings and workshops with the board and members of the club to develop the 5 year strategic plan. This resulted in the release of the Ballarat Golf Club Strategic Plan 2016-2020. The plan seeks to shape the future of the club and sets out a number of key pillars which involve a number of key initiatives and actions.

The Course

The Greens Committee has initiated discussions with Thomson Perrett to develop a plan that continues to improve and develop our course as well as addressing the changing needs of the golfer.

The plan will address a number of key initiatives including the landscape plan, strengthening of our boundary and screening and hole back drops. The continued engagement of Thomson Perrett ensures the original design integrity is maintained while listening to the member's needs.

The Clubhouse

The Clubhouse Development Subcommittee was established by the Board in September 2016 with the clear objective to develop a facility improvement concept plan for consideration by the membership.

The role of the group is to work through a number of recommendations and suggestions that came through the strategic planning process. The group has focused on the key issues within the clubhouse, identifying options to increase financial returns, and continuing to develop the club as the "Social Hub" of the local area. The subcommittee met with a number of design firms and made a recommendation to the Board which they endorsed with the club engaging Round 6 Architects to assist in this project.

The subcommittee will also address during 2017 the presentation of the clubhouse including the need to replace its furniture and floor coverings, the layout and appearance of the bar areas and the food and beverage offering.

Membership

Golf Clubs continue to see declining membership numbers nationally but for those Clubs that are being innovative and accessible to those outside traditional membership, the trends are being reversed and they see vibrant and expanding membership.

Our membership is ageing with 40% of our current Pioneer member's between the ages of 60 to 69 with a staggering 121 members between the ages of 66 to 67. For the future viability of the Club over the next 5 to 10 years, as these members reach age we need to introduce new members to the Club.

For this reason the Board has proposed a range of membership choices that will hopefully respond to the needs of future golfing members. These changes address the future membership landscape with a focus on the young and affordable flexible golfing options.

The Board understand and acknowledge that these changes challenge the thinking of traditional membership and may not be what you thought the club membership would look like when considering moving to the new clubhouse and course 10 years ago.

To quote a famous American Basketball Player and Coach, the great John Wooden "Failure isn't fatal, but failure to change might be"

Human Resources

The continued development of our staff was highlighted as another key action within the strategic plan. From this the Board adopted the Ballarat Golf Club HR Management Plan 2016-2020. The plan was developed based on strong, simple and effective HR Process. The process is grouped into logical HR areas to ensure value is added back to the business.

Training is a significant component of the HR plan and Ballarat Golf Club staff have had a number of opportunities through 2016 to undertake further training.

Course Staff undertook training in the areas of OH & S including chainsaw operation, chemical use and machinery operations. Two staff attended the Victoria Open at 13th Beach, involved in the preparation and presentation of the course for the event.

A number of clubhouse staff have begun their Certificate IV in Hospitality, Natalie and Adam are undertaking there Certificate IV in Leadership and Management while Hannah is undertaking a Diploma in Management at Federation University.

The Club also offered a number of day courses for staff to attend including barista training, profitable functions and events, café workshop and customer service training.

The club also introduced a number of online training modules as part of its employer obligations. Staff undertook training in the following areas:

- Discrimination, Harassment & Bullying
- Hospitality Worker Safety
- Food Handling
- Working Alone Safety
- Facility Management and Cleaning Safety
- General Trades Safety

Financial Sustainability

The financial sustainability of the Ballarat Golf Club continues to be a key focus of the Board and Management. An objective assessment was conducted on a number of profit centres with the following outcomes being delivered.

A review of our gaming service provider was undertaken by the Board with the outcome delivering a renewal of the agreement with Tabcorp Gaming Solutions. TGS will continue to deliver to the Club outstanding service and product ensuring the ongoing success of our gaming operations.

TGS bring significant investment in gaming product and expertise supported by the following services to Club:

- Dedicated Business Partnership Manager
- Gaming Product Specialists
- Loyalty Activation Specialist
- Marketing and Communication Specialists
- Machine Maintenance and Support
- Construction, Design and Project Management
- Data and Analytics/Business Intelligence
- Venue Training

Clubhouse operations continues to generate significant surplus to the Clubs financial position delivering a net profit of \$792,091. The Clubs focus in these areas continue to be the improvement in gross profit through correct pricing and frugal purchasing.

Continued wage costs pressures see the Club looking at ways to create great efficiencies in operations with a focus on procedures within the kitchen. As part of the Clubhouse Development Subcommittee, they will look at possible improvements, including upgrade of equipment, workflows and storage.

Corporate Governance

With the leadership and guidance of Club President Greg Anders, the Ballarat Golf Club has become a member of the CoRE Alliance and has established the Clubs Gender Equity task group. This group will focus on developing strategies to ensure the Club meets its obligation as leader in the community, offering a commitment to the principals of equal opportunity and a successful model of gender equity in a Golf Club environment.

In Closing;

I would like to thank the clubhouse team lead by Hannah, Jason and Natalie, the Kitchen team lead by Adam; an outstanding group that make a significant contribution to the operations of the Club. They are a huge asset and make the members and visitors experience a memorable one.

To the course staff led by Course Superintendent Jeff Powell, you continue to meet the challenge of constant improvement.

To the management team of Gary, Louise, Natalie, Narelle and Victoria, the Clubs success is truly connected to your collective ability and drive, thank you for your continued support.

Once again our Board of Directors have provided positive leadership for our Club, they continue to be responsive to change to ensure the Ballarat Golf Club maintains market relevance. I take this opportunity to thank President Greg Anders and his fellow Directors for their continued support.

And finally my sincere thanks go to departing director Ross Jones for his guidance and support over the past eight years.

Michael Phillips General Manager

CAPTAIN'S REPORT

As my second year as Club Captain, I find this role challenging and demanding although I have had a one year of experience at the helm. As in previous years we have had very large fields, especially when the weather was kind to us. With the course closed on two Saturday's, due to severe flooding, there was a necessity to monitor the temporary Local Rules weekly, including 'through the green' preferred lies, as the rough was so wet with large amounts of mud sticking to the ball.

I receive feedback from members every week (often beginning in the carpark) in which I am happy to receive. As this course is still in its developing stage, everything cannot be achieved at once. We have lost and will continue to lose the ageing pine trees and future planning is well on truly on the way with a replacement program in place. This may not necessarily be with pines. The length of the rough on the edge of the fairways is always a contentious issue, as well as the very long rough at the back of several greens.

Slow play is a bugbear of all golf Clubs around the world. This is a selfish type of play which affects the balance of all competitors on the day -5 hours is far too long especially when we are playing for the Monthly Medal off the black tees. Looking at the 2017 Programme there will be opportunities to play the black tees on a Saturday during winter as a trial.

I note that the British Amateur Championships have instructed players to play 'Ready Golf'. Many of us do this as the norm, which certainly speeds up play. Course designers Thomsom Perrett have had several visits in the past year with the view to make 5 hour rounds a thing of the past. With the Strategic Plan in place, changes will eventuate including the placement of names on the timesheet. As with any change, members will not like the change, but we must move forward in these times of equal opportunity, as it is a fast changing world.

We had a very successful pennant year in 2016 winning 5 flags, which included the juniors, two ladies and two men's team, thus displaying the strength, depth and quality golfers we have over all levels and genders. I would like to thank our two Pennant Co-ordinators in Wayne Cameron and Peter Callaghan for their work arranging teams during the season.

We hosted 'The Futures' tournament once again in 2016, followed by the Australian Senior Ladies. Jeff Powell and his staff are to be commended for the way in which they presented the course for these major events. Many extremely positive comments were made during these events. The usual Holden Scramble events plus the Mazda 4 Ball, put our Club in the spotlight for the many visitors we welcomed, enjoying and appreciating the quality of our course.

The passing of long standing Life Member Peter Hoskin, was a sad loss as he was a dedicated and loyal member of the Ballarat Golf Club.

Many thanks to the Match Committee: Barclay Dowling, Ross Jones, Lady Captain Lesa Gray, Julie Carr, David Wallis and Michael Phillips. Also to the co-operation of Golf Professional Dave Wallis and his team in Angie, Darren, Matt and Gary. All of the above have teamed to make golf for Members and visitors to run smoothly and be as enjoyable as possible. I would also like to acknowledge Roger Masom, for the time he puts into the Club Championships ensuring all trophies are up to date and ready for presentations.

Finally, congratulations to all winners of the Club Championships and major events.

BALLARAT GOLF CLUB LADY MEMBERS COMMITTEE FOR 2016

President: Jan Livingston
Vice President: Carol Ryan
Lady Captain: Lesa Gray
Secretary: Jen Forbes
Treasurer: Liz Molesworth

Committee: Sue Sidebottom, Trina Jones and Vicki Wilson

BALLARAT GOLF CLUB LADY MEMBERS

2016 PRESIDENT'S REPORT

It is with much pleasure I present my report for 2016 as the Lady President of the Ballarat Golf Club in its 121st year. Over the past two years I have enjoyed my time as Lady President and felt proud to be associated with such a wonderful group of ladies at the Club.

Congratulations to our lady members that have represented our Club in events in the Ballarat District and Metropolitan areas during the year. Our major events for 2016 were; The Begonia Bowl, The Marg Williams Day, The Winter Cup and The Fiona Elsey Cancer Research Fundraising event.

I would like to thank all who contributed to the success of these events throughout the year. We are very fortunate to have the generosity of major sponsors in 2016 such as: Faull's Shoes, David Wallis Golf and Marion & Me Clothing. Their continued support is very much appreciated.

I wish to thank Mr. Michael Phillips General Manager, The Board led by President Mr. Greg Anders, our Course Superintendent Mr. Jeff Powell and the hospitality staff.

The administration staff, Mr. Gary Fry, Mrs. Louise Mead, Natalie Carbone, Victoria Ruston and Narelle Baker for their outstanding achievements in running the Golf Operations and course management.

A very special thank you to Mr. David Wallis our Club Professional together with his hard working staff who continue to provide our members with enthusiastic service, courtesy and respect which is very much appreciated by all.

A very special thanks to Lesa Grey our Lady Captain who has dedicated many valuable hours of her time in organising our Ladies golf in a very professional and proficient manner over the past year.

As retiring President, I wish to thank our committee for their hard work, commitment and loyal support over the past two years.

Our 2016 Committee consisted of:

Carol Ryan – Vice President, Lesa Gray – Captain, Julie Carr – Vice Captain, Jen Forbes – Secretary, Liz Molesworth – Treasurer along with Sue Sidebottom, Vicki Wilson and Trina Jones.

Retiring from the committee this year are Jen Forbes, Liz Molesworth and Vicki Wilson. Thank you all for your contribution during your term of office. It is very much appreciated.

I extend my best wishes to Carol Ryan our incoming Lady President and the new committee for 2017.

Finally I would like to thank all our lady members who contribute and show loyal support to our Club. I hope we can continue to prosper as a popular and financially successful Golf Club into the future and our members uphold its proud tradition.

Jan Livingston

Lady President

LADY CAPTAIN'S REPORT

It gives me great pleasure to present the Captains Report for 2016.

2016 has been a terrific year for the ladies of our Club, firstly came our pennant teams performances where Ballarat was represented in 3 of the 4 Division finals and indeed won 2 of these flags in Divisions 2 and 4. Thank you to all of the ladies who played pennant this year, hopefully we can do as well again next year.

The ladies from Ballarat once again have been wonderful in their support of other Clubs in the district, travelling far and wide to represent Ballarat at various bowls and Club events during the year. With many smaller Clubs struggling to continue it is very important for ladies golf in the district that we do make to effort to support these events.

In the Inter Club Events held throughout the year Ballarat was victorious against Buninyong in the Ashley Trophy, against Midlands in the Griffith Trophy and we also defeated the Barwon Heads Ladies Committee at Barwon Heads to retain the Warralie Cup. Play for the Moreton Trophy was unfortunately abandoned at Buninyong in October as the course became unplayable due to heavy rain. Once again a big thankyou to everyone who played in these events, they are important fixtures on our calendar and are always contested with great enthusiasm.

Our guest days this year have been very successful with good numbers for our Begonia Bowl, Marg Williams's Guest Day and Winter Cup. With the course closed due to flooding our Fiona Elsey Charity Day was moved and incorporated into the 4BBB event on the Monday of the tournament. Luckily this didn't affect our numbers with 90% of the original entrants choosing to play on this day rather than taking a refund. For 2017 this event has been scheduled in September as in the past.

The Club Championships were held a week earlier this year due to our hosting of 'The Futures' and Australian Senior Ladies tournament events which showcased our wonderful course and Ballarat's fickle weather. The feedback I received from organisers and players was extremely positive about our course and facilities and whilst these types of events are disruptive to our midweek golfing they are great marketing opportunities for our Club.

Next year we are hosting 'The Futures' event in October and the Golf Victoria Women's Autumn Tournament in conjunction with Midlands over 2 days in April, which is a terrific event and I would encourage you to consider entering.

As a result of the survey conducted after the 2015 Club Championships the C Grade competition reverted back to a stroke event with the other grades staying as they had been in previous years. The results of the survey showed the majority of ladies to be happy with the stroke qualifying and match play final format.

As everyone knows our winter this year was one of the wettest on record and although we did experience some flooding issues, on the whole our course stood up to the conditions exceptionally well and once again proved itself to be resilient to everything nature could conjure up.

Our Green keeper Jeff Powell and his staff did an amazing job to present our course exceptionally well for 'The Futures' and the Senior Ladies tournaments and indeed for all of our events held throughout the year so I thank Jeff and his team for the hard work they do. The help and advice I have received from David Wallis and Ange Tatt this year has been invaluable, nothing is too much trouble and they are always ready with a smile even when people grumble about the rain! A big thank you must go to the staff in the front office, Natalie, Narelle, Hannah and Victoria and particularly to Michael, Gary and Lou who are always ready to help me out with whatever request or question I have.

I have thoroughly enjoyed my first year as the Ladies Captain and have been supported by a terrific committee and especially my Vice Captain Julie Carr, who took up the reins whilst I enjoyed a warm break over winter.

To Jan Livingston, Jen Forbes, Vicki Wilson and Liz Molesworth thank you for your tireless efforts on the Ladies Committee, your input has been invaluable, now you can have a well-deserved rest.

I am looking forward to working with our committee for 2017 and ask all members to remember we are all volunteers who give up our time to ensure ladies golf events run as well as possible for the benefit of everyone.

FINANCE REPORT

I advise that the 2016 Financial Reports of the Club show an overall Net Operating Surplus of \$68,001.

The surplus is the combined result of all the activities of the Club and each area's net contribution to the final result is set out below:-

-	Bar	\$ 213,197
-	Bistro	\$ 100,205
-	Gaming	\$ 478,689
-	Golf Operations	\$ (66,652)
-	Course Operations	\$(236,051)
-	General Operations	\$(421,387)
	Operating Surplus	\$ 68,001

This financial result includes the following items:

•	Gaming Entitlements Amortisation	\$ 96,579
•	Depreciation	\$ 149,585
•	Annual Leave Provided	\$ 10,762
•	Long Service Leave Provided	\$ 42,320
•	Insurance Recoveries	\$ (76, 245)
•	Loss on Sales of Assets	\$ 19,456
		\$ 242,457

Set out below is a brief overview of the each department's performance:

Bar

The Bar produced Sales of \$975,120 for 2016 (4% growth), or average weekly sales of \$18,752, with a Gross Profit of 68.1%, which is comparable with industry standards and achieved the key performance indictor set for 2016 of 68%.

Members Discounts were 3.75% of Bar Revenue for the year, which indicates consistent and improved use of the Members discount card. The major overhead expense item of Wages percentage of 23.45% and associated employment costs were more than 2.5% higher than acceptable key performance industry ranges.

<u>Bistro</u>

The Bistro Sales of \$1,691,254 with weekly average sales of \$32,524 and Gross Profit of 62.36% is a steady result and achieved its key performance indicator of 62%.

Members Discounts of 1.4% whilst an improvement on 2015 indicates only average support for the Bistro from the overall membership base. Wages costs of \$685,362, which is a combination of kitchen and service staff is closely monitored on a weekly basis by management and the total Wage percentage of 40.52%, which is high when compared with Hotel and Restaurant industry standards albeit we are a Club. In addition, long service leave provision increased by \$14,813.

The hospitality industry faces on-going skills shortage for chefs which generally means that businesses will face increased employment costs. This skills shortage will not be solved in the short-term and will ultimately lead to increased pricing. The recent wage decision on penalty rates

for the hospitality industry handed down by Fair Work Commission did not include Clubs. Again this provides one of the many key challenges for Management and the Board in 2017.

Gaming

The Gaming room generated commission of \$1,918,550 in 2016 and a net profit of \$478,689. Gaming Commission increased by \$126,979 in 2016 however associated Gaming Tax increased commensurately. Importantly, due to our existing agreement with gaming services provider TGS we are 'first to market' with new games and technology which continues to complement our effective loyalty program which has allowed the Club to achieve this strong result for 2016. As I have eluded to in previous years, the Gaming market continue to be highly unpredictable and our performance in 2016 cannot be accepted as a given.

Importantly, the Club has continued to meet all its obligations in 2016 in a timely manner from Gaming including its commitment of quarterly repayments for the entitlements which total \$162,484. In 2017, the Club will finalise its repayments of its gaming entitlements, this should not be seen as a cash flow 'windfall' however, the Board will ensure that savings are held separately to ensure that it is able to fund the next round of gaming entitlements due in 2022.

In 2016, the Board took the opportunity to complete an extensive review of its contract with its service provider TGS to ensure that the Club continues to receive a premium service for the best possible price, so that the return from this area continues to be maximized. The findings of this review were presented to the Board with a unanimous outcome that BGC extend its contract with TGS until 2022.

Golf Operations

Green Fees received in 2016 were \$129,388, an increase of \$30,484. In 2016, the course was promoted on the 'Golf Show' and this exposure gave the course and the Club a tremendous boost in green fees. Again, as stated in previous years, the Club will not to engage in a 'discounting war' on green fees rather it has concentrated its efforts on marketing new packages to attract visitors to play the course which has been successful. Tournament entry fees decreased by \$3,880 in 2016 whilst competition fees increased by \$4,859. PGA National Futures Championship which ran at a marginal loss of \$1,121 however this is seen as acceptable given the event is gathering momentum and provides the Club with a unique marketing opportunity. Otherwise this area is the cost of operating Golf for 2016 including a portion of Rates, Administration Wages and associated on costs.

Course Operations

Subscription income of \$498,672 in 2016 represents an increase of \$13,661 compared with 2015 which is a positive result given that many other Clubs in the district are struggling for numbers. As I have reiterated in previous years reports, Golf as a sport continues to face many challenges from an ever increasing wide range of options for the sporting dollar which is widely recognized by Golf Victoria. The Board as always is attempting to lead from the front by creating and offering new membership packages to suit today's 'lifestyle' and to match our ever changing demographic. The Club can certainly take comfort from the fact that our golf offer is clearly the best in the area. This area shows a Loss of \$236,051 for 2016 which has increased by \$14,694 which includes Course consultants fees of \$6,420, Depreciation of \$91,251, Provision for Long Service Leave reduction of \$998, machinery finance costs of \$9,146 and a portion of Rates & Administration Wages. It should be noted that the reduction in the overall loss is masked by insurance recoveries of \$76,245 less loss on sale of asset of \$19,456 related to a piece of course machinery that was destroyed during the year.

General

The Loss in this area in 2016 is \$421,387 which has increased by \$98,848. The increase in this area includes insurance of \$15,832 due to the timing of payments, clubhouse repairs of \$4,224, long service leave provision of \$25,988 and a reduction in interest received of \$9,612. This profit centre is the function of all of the other income and expenses of the Club that cannot be directly attributed to other profit centres such as maintenance of the Club's gardens and presentation of the Clubhouse generally together with other administration functions.

It is important for members to note, that of the interest income of \$40,844 earned in 2016, that \$33,179 formed part of the Club's Capital Reserve Fund so the investment in this Fund has grown albeit by the re-investment of interest in a low rate environment which is likely to continue for the foreseeable future given the prevailing economic conditions.

I am confident that all Members would acknowledge that they receive outstanding value for money when comparing their annual fees paid with the excellent facilities offered both on and off the course. Again, I encourage all members to support the Club at every level throughout 2016 as the Club can only be as strong as the members who support it, not only financially but also promoting it throughout our own membership and the district as we should all be extremely proud of our facilities. Members are encouraged to use their members discount card when making purchases within the clubhouse which continues to be a great 'value add'.

In summary, the 2016 result for the Club is little more than 'break- even' when including long service leave provisions of \$42,320 in the year given that it is now 8 years that the Club has been at this site will a full functioning service offer to members. It is important to note that the 'house' offer contributed a net profit of \$792,091 to the Club which ultimately allows the Club to maintain its membership fees at an affordable and competitive level given the restrictions of the market in which we operate. Again I re-iterate that the achievement of profitably of any sporting club is a challenge in these times and the expectations of improved financial results continue to be extremely limited. In 2017, the Board will continue to work diligently to improve the financial results where possible.

Once again, I wish to extend my personal thanks to Mr. Michael Phillips, Mrs. Louise Mead & Mr. Gary Fry for their diligence, high level of competence and patience with me during the year.

P.D. Foley, C.P.A. Finance Director

BALLARAT GOLF CLUB INC Notes to the Financial Statements For the year ended 31 December 2016

1. Statement of Significant Accounting Policies:

This financial report is a general purpose financial report prepared in accordance with Australian Accounting Standards and the requirements of the Associations Incorporations Act (Vic). The principal accounting policies adopted in the preparation of the financial report are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Income Tax

As the incorporated associated is a non-for-profit organisation, an exempton the for payment of income tax is self assessed under the Income Tax Assessment Act 1997.

Inventories:

Inventories are carried at the lower of cost or net realisable value. Cost is based on the first-in, first out method and includes expenditure incurred in acquiring the inventories and bringing them to the existing condition and location.

Property, Plant and Equipment:

Property, plant and equipment are stated at cost less accumulated depreciation and impairment. Cost includes expenditure that is directly attributable to the acquisition item.

Trade and Other Receivables:

Trade receivables and other receivables, including distributions receivable, are recognised at the nominal transaction value without taking into account the time value of money. If required a provision for doubtful debt has been created.

Financial Assets:

Investments held are originally recognised at cost, which includes transaction costs.

Trade and Other Pavables:

Trade and other payables represent the liabilities for goods and services received by the incorporated association that remain unpaid at 31 December 2016. Trade payables are recognised at their transaction price. They are subject to normal credit terms and do not bear interest.

Employee Benefits:

Provision is made for the liability for employee entitlements arising from services rendered by employees to 31 December 2016. Employee benefits have been measured at the amounts expected to be paid when the liability is settled, plus related costs.

Cash and Cash Equivalents:

Cash and cash equivalents include cash on hand, deposits held on call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

Revenue Recognition:

Revenue from the sale of goods is recognised upon the delivery of goods to customers.

Revenue from the rendering of services is recognised upon the delivery of the services to customers.

Revenue from commissions is recognised upon delivery of services to customers. Revenue from interest is recognised using the effective interest rate method.

All revenue is stated net of the amount of goods and services tax (GST).

Goods and Services Tax:

Transactions are recognised net of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST receivable from, or payable to, the ATO is included with other receivables or payables in the balance sheet.

Gaming Entitlements

The Club has a contract with the State Government for gaming entitlements which commenced in August, 2012 and has brought to account the value of the entitlements and the obligation to pay for these entitlements. The entitlements effectively represent a licence to operate the Gaming machines. This right is a capital asset and for accounting purposes the Board is amortising the entitlements for 10 years commencing from August 2012.

BALLARAT GOLF CLUB INC Statement by Members of the Committee For the year ended 31 December 2016

The Committee have determined that the incorporated association is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

In the opinion of the Committee the financial report as set out:

- 1. Presents a true and fair view of the financial position of Ballarat Golf Club as at 31 December 2016 and its performance for the period ended on that date in accordance with the accounting policies described in Note 1 to the financial statements; and
- 2. At the date of this statement there are reasonable grounds to believe that Ballarat Golf Club will be able to pay its debts as and when they become due and payable.

G. Anders (President)

P.D. Foley (Finance Director)

Dated this 27th Day of March, 2017

INDEPENDENT AUDITOR'S REPORT

To the members of Ballarat Golf Club Inc

Report on the Audit of the Financial Report

Opinion

I have audited the accompanying financial report, being a general purpose financial report of the Ballarat Golf Club Inc., which comprises Divisional Profit and Loss Statements, Consolidated Profit and Loss Statement, Balance Sheet, Statement of Changes in Equity, Statement of Cash Flow, Notes to the Accounts and Statement by Members of the Committee for the financial year ended 31 December 2016.

In my opinion, the financial report of the Ballarat Golf Club Inc gives a true and fair view of the financial position of the Ballarat Golf Club Inc as at 31st December, 2016 and of its financial performance for the year then ended in accordance with the accounting policies described in Note 1 to the financial statements.

Basis for opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of my report. I am independent of the entity in accordance with the *Associations Incorporation Reform Act 2012 (Vic)* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our my audit of the financial report in Australia. I have also fulfilled my other ethical responsibilities in accordance with the Code.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Emphasis of Matter - Basis of Accounting

Without modifying my opinion, I draw attention to Note 1 of the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the Directors' financial reporting responsibilities under the *Associations Incorporation Reform Act 2012 (Vic)*. As a result, the financial report may not be suitable for another purpose.

Responsibility of the Directors for the Financial Report

The Directors are responsible for the preparation and fair presentation of the financial report in accordance with the requirements of the *Associations Incorporation Reform Act 2012 (Vic)* and for such internal control as the Directors determine is necessary to enable the preparation and fair presentation of a financial report that is free from material misstatement, whether due to fraud or error. In preparing the financial report, the directors are responsible for assessing the Club's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Club or to cease operations, or have no realistic alternative but to do so.

The Directors are responsible for overseeing the Club's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Report

My objective is to obtain reasonable assurance about whether the financial report, as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that audits conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our [my] opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the registered entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by responsible entities.
- Conclude on the appropriateness of the entities' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the registered entity's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the
 disclosures, and whether the financial report represents the underlying transactions and events
 in a manner that achieves fair presentation.

I communicate with Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

Rob Florence, FCPA

Florence Audit & Assurance
