

February 2019.

Dear Member,

As I have fully retired from work any Board duties are easier to fulfil. I have been encouraged to stand for the Board again as I still have a passion for golf and I believe my skills can be useful for the future of our club. I have been a regular golfer for well over 50 years, most at Warracknabeal and 8 years at Ballarat. My attendance at the club is usually 4 days a week, Dad's Army Mondays, Wednesday Comp, Friday members draw and Saturday Comp. This enables members to discuss any issues that are of their concern. I usually get everything from about the course, competitions, the car park and clubhouse.

My background has been in agriculture, Owning and Managing a grain and sheep property at Warracknabeal. I also was a Wool Classer for about 45years. I have a Diploma of Agriculture, a Certificate 4 in Turf, and was a member of the Victorian Golf Association's Turf Board over 10 years. I completed my National Service in the Army Reserve as a Transport Sergeant. I had several years as Chair of the Education Committee of the Victorian Farmers Federation, including 6 years on the Board of Primary Skills Victoria representing Agriculture.

Our golf club is a great club with outstanding amenities with by far the best course in the region and a relatively new clubhouse. As any Board Member has a great deal of responsibilities to keep the finances appropriate so as to maintain and improve the facility.

Seven years ago I was asked by the Board to join the Greens Committee which I accepted. Since then I have been elected to the Board twice for three year terms. During those six years I was elected for two terms as Club Captain. If you require any additional information about myself I can be contacted on Mobile 0429 384 985.

Thank You.

Gilbert Fryatt
