

Experience Summary of John G King.

I submit this document to support my application to the Ballarat Golf Club Inc. for the continued appointment as a director of the Board.

I am keen to continue in this role as I believe that our club is one of the finest Golf Clubs in Regional Victoria.

There are still significant challenges we continue to face, and I believe that with my experience, knowledge and skills I can make a substantial contribution to the leadership of the club.

In support of my nomination I submit the following summary of my qualifications and skills:

- I am a qualified Civil Engineer with a Diploma from Ballarat School of Mines and Degree from Swinburne Institute of Technology.
- I worked for thirteen years for Vic Roads with my last 10 years in Ballarat.
- In 1985 I started J G King Pty Ltd as a builder of steel framed homes based in Ballarat. The business is now 34 years old and has offices in 9 major cities in Victoria and two factories in Ballarat where we manufacture our steel frames and aluminium windows. We employ more than 400 staff throughout Victoria.
- I have been a member of McCallum Disability Services for the past 21 years.
- I was a founding member of the Committee for Ballarat and a past member of the Victorian Regional Development Advisory Committee.
- In the 2009 Queens Birthday Honours List I was honoured to be awarded an OAM for services to the community and to people with disabilities through philanthropy.

I am passionate about Ballarat as a community, my golf as an activity and my belief in this club to build on its past to achieve greater things in its future.

If successful in my nomination I give an undertaking to the Board to diligently apply myself to the betterment of the Club and its Members.

26th February 2019.
